

New Features in Projectmates V18.7

Improved Smart Text Editor

All Projectmates modules utilizing the Smart Text Editor have been updated to a newer version. An updated list of features in the new editor includes:

- Bolding, Underlining, and Italics
- Inserting a Bullet Point or Numbered List
- Increasing and Decreasing Indentation
- Selecting a New Font (Helvetica, Arial, Georgia, Impact, Tahoma, Times New Roman, and Verdana)
- Inserting a Format Block
- Inserting a Table
- Adjusting Alignment (Align Center, Left, Right)
- Undo/Redo Changes
- Clear Formatting
- Opening the Editor to a Full-Size Mode
- Select All Button

Revamped Project Home Page

Responsive Web Design

The Project Home Page has been revamped to a more responsive web design. The Home Page will automatically adjust itself to accommodate the additional real estate provided by larger resolution monitors, or a more compact view to support older 4:3 monitors.

The screenshot displays a dashboard with several widgets:

- New items:** Shows a list of items with a 'Change' button and counts for photo albums and team notes.
- Weather:** Displays weather for Richardson TX, including temperature (70°), conditions (Clear), and forecast details.
- Team Notes:** A section for team notes with an 'Add/Edit Notes...' link and a recent note snippet.
- Project Fields:** A list of project information including Admin, Number, Address, City, State, and Zip.
- Schedule Milestones:** A section for project milestones with a list of dates and phases.
- Progress Pictures:** A gallery of construction progress photos with a 'Progress Pictures' title and a settings icon.
- Project Links:** A section for project links with a 'Useful Links' list and an 'Add/Edit Links...' link.

Project Fields Widget

The **Project Fields Widget** has been added as an additional choice for the Project Home Page. Site Admins can specify certain Project Info fields to be displayed in all Project Home Pages for users to immediately view.

The screenshot shows the configuration interface for the Project Fields widget:

- Project Fields** (Title) with a **Go Back** link.
- + Add New** (Section Header).
- A list of fields to be added, each with a red 'x' icon for removal:
 - Project Manager
 - Number
 - Region
 - Project Type
- Save** button at the bottom.

Ad-Hoc Reporting Enhancements

Buyout / Bid Package Ad-Hoc Report

A **Buyout / Bid Package** Ad-Hoc report will be introduced in V18.7. Companies that utilize Projectmates 2-way bidding system can now easily generate reports on the status of bids across numerous projects.

Select Report Type

- Finance
- Purchase Order
- Purchase Order Line Item Detail
- Buyout / Bid Package 
- Contract/PCO/CO
